

**Subject: ACCESS TO INFORMATION**

**Date: April 12, 2007**

**Pages: 1 of 1**

**Replaces Policy Dated: N/A**

**PURPOSE:** The Pinal County Library District asserts that the charging of fees and levies for information services, including those services utilizing the latest information technology, is discriminatory in publicly supported institutions providing library and information services.

**STATEMENT OF POLICY:**

The Library District shall seek to make it possible for library and information service agencies in Pinal County which receive their major support from public funds to provide service to all people without additional fees and to utilize the latest technological developments to insure the best possible access to information. The Pinal County Library District will actively promote its position on equal access to information.
